General guidelines for the authors

We ask you to use A4 paper size ($21 \times 29.7 \text{ cm}^2$) with margins of 3 cm all around. Please write your paper in 12 point Times (New) Roman and in one-column format. The page should start with the title in 18 point bold, the author(s) name(s) in 12 point, the affiliation in 10 point and the 100-word (max.) abstract in 12 point italic. Thereafter on the same page follows the paper. It is recommended to limit the paper to one or two pages. Please do not use page numbering. The section headings should be 14 point Times (New) Roman Bold and the body text 12 point Times (New) Roman. Lettering in tables and figures should be 10 point Times (New) Roman. In order to conserve space, references should be given in 10 point. It is recommended that references conform to the BPS conventions as shown in the example below [1, 2].

Meeting attendees

The authors should take into account that the background of the attendees of the Annual Meeting of BPS covers a broad range. Therefore, the contributions should contain some introductory remarks, should emphasize the main results, and should be readable by avoiding, for example, uncommon abbreviations, etc.

Paper submission

Papers should be submitted in electronic format (PDF) via the meeting website in the abstract submission section, before 30 April 2019.

Additional guidelines

In this LaTeX file, all preferences are implemented in the PS-Benelux class. Please use the predefined commands (section, title, author, address).
